

Protection Prayer for Us

This is a prayer for protection from the realm beyond the veil of death. Please use this protection prayer as often as you can, say this prayer for 9 days in a row and please pause for a few seconds at the end of each sentence so that the energy can build around you.

We humbly ask for *divine protection* to protect us on all levels. We ask for the heavenly rays to be poured upon us in abundance.

We command the presence of the angelic realms and for Metatron and Michael to stand at the head.

May the Christ light, the Buddha light, the Mahatma Energy, the Holy Spirit, the Reiki energy, the light of all Archangelic beings and all Ascended Masters permanently encase US with their love.

We ask the Mahatma Energy to integrate with every aspect of our being. We also ask the Mahatma Energy to integrate with every aspect of Mother Earth and all life forms according to the *highest will* of God.

We call forth Archangel Zadkiel and St Germaine and ask for the Silver Violet Flame to be fully anchored, and permanently encased within and around our whole being.

We ask that this Silver Violet Divine Flame be sent forth into our past...into our present ...into our future transmuting all our karma ...we also ask Lord Melchizedek, Archangel Metatron, and Archangel Michael to assist us....to help us transmute and perfectly balance all karma.

We ask the archangels to place the protective Star of David, around our being and home, permanently.

We call forth Archangel Gabriel, Archangel Haniel, and the company of Heaven and ask for the Green Flame, and the White Flame to be fully anchored and permanently encased within and without our being.

We also call forth Archangel Metatron, the Mahatma, Lord Maitreya, and Sunanda and ask for all negative thought-forms, lost souls, negative residues, negative elementals and soul fragments to be permanently healed and taken into the light..... within our Auric fields, homes, and world...may all be freed according to the *highest will* of God.

We also ask for the Pink Flame of the Archangelic realms to be fully anchored and permanently encased within and without our being.

We ask Archangel Michael to fully anchor his Silver Armored Metallic Suit around our beings, permanently.

We ask Archangel Michael to cut away all karmic ties permanently and to anchor his Special Blue Armored Flame, permanently, encasing our whole being, from within and without; we also call forth Mother Mary and Archangel Raphael and ask for the sealing and transmutation of all holes and leakages within and without our Auric Field.

May all that is not in accordance with the *highest will* of God, within and without our entire beings be immediately transmuted into *divine light*.

May we be divinely aligned, healed, and re-energized on every level of our being, perfectly balanced within the Three-Fold Flame of God.

May we always be shown the way and given full support in all the work we do for mankind's advancement and spiritual enhancement and healing.

May we be purified and Blessed upon every level of our being, in the work we do and be given more and more *divine power* as each day goes by and more and more protection as our healing progresses and expands.

May we radiate the heavenly rays wherever we go and help all who come across our path.

Dear beloved God Presence, I AM (Monad) presence, Soul Presence, The Mahatma Energy, the collective consciousness of the Ascended Masters, in the name of the God within us, we ask that this *divine meditative prayer*, be multiplied and manifested and used to assist all life forms on this planet and throughout the universe.
